

BYU LAW SCHOOL

SUMMER 2022 PROGRAM FOR INCOMING 1Ls

PREPARE FOR A WORLD-CLASS LEGAL EDUCATION UNLIKE ANY OTHER

To prepare you to immerse yourself in the incredible education offered at BYU Law School, we have created a comprehensive summer program that will help you engage, excel, and embark on your law school journey.

PREPARE TO ENGAGE

yPods

During the summer, you will be assigned to a yPod—a small group of first-year students, each supervised by a high-performing 2L/3L student known as a “Student Advisor” who will act as a mentor throughout your first year. He or she will serve as a valuable source of support, information, and connection. In addition, your yPod will provide an opportunity to forge relationships with your classmates, preparing you to engage with each other and your professors from the first day of class.

PREPARE TO EXCEL

Summer Academic Development Workshops (June – August)

We offer one of the most robust summer preparatory programs in the country: four one-hour workshops that will provide you with the most critical information and skills needed to begin law school with confidence and to excel during your first year.

PREPARE TO EMBARK

Introduction to Law (August 17-19)

The orientation sessions held during Introduction to Law will prepare you to embark on your law school journey by introducing you to our inspiring Leadership Initiative, conveying our expectations with regard to your professional education, and fostering a community where every student feels valued, respected, and included.

An Incredible First-Year Experience

Your first year of law school will be filled with opportunities for learning and growth---from being taught by world-class faculty and listening to internationally renowned guest speakers, to drafting your first appellate brief and presenting your first oral argument, to participating in a community that cares about each student as an individual.

Prepare for the adventure of a lifetime as you join the remarkable legacy that is BYU Law School.
